Dear Dr Walford

**HC/S 1043/2021 ("Suit")
JONATHAN WILLIAM GLASSBERG V UBS AG [2025] SGHC 4**

1. We write to thank you for your assistance as an expert witness for UBS before the Singapore High Court last year in the Suit.
2. Your deep experience in the private banking industry offered our team important insight into the financial industry, in particular how private banks assess and/or conduct due diligence into investment options for their clients.
3. You were also helpful in pointing out issues with the opposing expert witness's report, which we were able to address in cross-examination and submissions.
4. Thank you once again for being part of our team for this matter.
5. We wish you the very best in your future endeavours.

Yours faithfully
